Regardless if you need support, I think we would like to stop by and see the ICP if that would not be a problem. I've been in a few, but my team members are relatively new to this kind of fieldwork. Obviously, a visit would be at your convenience and discretion. If we can help, that would be great.

Adam,

The CDC/ATSDR team is in town working with Harris County Health Dept. We have a meeting with them at 9:00 with the Director. We are assisting them review environmental data to address public health concerns. I can ask the team if we can visit you in the afternoon tomorrow

Do have a request or need for support? We need a quick invite and overview of supporting needs. Can you get that request to me?

Is your team coming to the ICP in Deer Park?

John Martin is overlapping me tomorrow and covering for a couple days.
